

# COAL STRIKE COMPLETELY PARALYZES RAILWAY TRAFFIC

**Serious Conditions Resulting From the Walk-out of Men in the Alberta Coal Mines—Freight Business Coming to a Stand Still, and Passenger Traffic will also be Stopped in a Day or two—Manufacturers in Calgary are Also Soon to Close.**

## Special to The Bulletin.

Calgary, April 17.—The situation created by the action of miners in leaving work is demoralizing business throughout western Canada. "No condition quite so serious has ever existed since this country came before the public," said R. R. Jamieson, superintendent of the central division of the C. P. R. tonight.

Already the cement works in Calgary have closed down. This means the loss of many hundreds of dollars. The C. P. R. is handling no dead freight, and the C. P. R. officials announce that it is only a matter of a day or two when all freight and passenger trains must stop. Manufacturers in Calgary are soon to close.

## Miners Resting.

The domestic supply at present is so small, and there is no stockpile. There is no strike of miners, but they are merely leaving work. There is no law to prevent that, and there is no consultation and over the situation can reach it. If a miner does not want to work, what is to prevent him from lying idle? He is not on a strike, he is merely resting.

This afternoon at a meeting of the board of trade, Mr. Jamieson stated that his railway had endeavored to get coal from Duluth, but without success.

There is great alarm in this city over the probable result.

## Alarm in Calgary.

The C.P.R., which usually has a good reserve of coal, had its supply depleted because of the coal famine during the past winter. At a meeting of the board of trade this afternoon, this resolution was passed:

"That the following telegram be sent to the minister of mines, Mr. M. C. McArthur, P. to the boards of trade of Winnipeg, Nelson, Edmonton, Toronto, and other places.

"Calgary board of trade strongly urges immediate action by the board of conciliation concerning the miners' disagreement. Freight business has ceased entirely. Passenger traffic may stop in a few days. Output of coal has practically ceased. Manufacturing plants are closing. Miners leaving work in large bodies, though no strike officially declared. Situation is

the most serious experienced in history of western Canada.

As far as can be learned the boycott of work which has been more pronounced in Fernie and the Crow's Nest line, but has not reached Bankhead in the same proportions, though the mines have been partially deserted. It is from Bankhead that the C. P. R. gets its coal. It is believed here that Winnipeg and all intermediate points will be affected as well as Calgary.

## New Bill Will be Patient.

J. D. McNiven, the fair-voiced official of the Department of Labor is in the city regarding the labor difficulties of the miners. He is quite satisfied that the new bill will result in something tangible being done.

"The bill commences where the contenting parties usually left off," said Mr. McNiven. "It is the majority of labor controversies the contending parties usually fought it out among themselves, and as a last resort decided to refer the points at issue to arbitration. Now the arbitrators will be at work in the first instance and I hope that the great deal of time will be saved in the settlement of strikes and lock-outs."

## FOUR HUNDRED MEN OUT AT COLEMAN

Associated Press Despatch.

Lehrbridge, April 16.—The strike at Coleman has shut down the biggest coal mining property in Western Canada, with the exception of the properties of the Crow's Nest Coal Co. at Michel, Fernie and Coal Creek. The Coleman company, owned by the International Coal and Coke Co., has a daily output of 1,500 to 1,600 tons of coal, about one quarter of which is converted into coke.

From 300 to 400 men are employed, some of whom are at the coke ovens. The miners, who constitute half the total force, work under contract for the following scale: 55 cents per ton for standing post outside of chutes; 10 cents per hour for putting in chutes; 5 cents per ton in height for lineal foot for brattice work; \$1 per yard for miners' pay.

Miners average \$4.75 to \$5 per day.

of 8 hours. The other employees are day laborers and are paid: Drivers, \$2.50 per shift of 8 hours, and \$2.75 if in wet. Men carrying timber receive \$2.15. Timbermen, trackmen and brattice men all get \$3. This scale is in the principal camp, No. 2, in the same on No. 4 seam, except that the rate per ton is 40 cents. The coke men get 80 cents per small oven and \$1 per large oven, and drive three to four ovens per day, making \$24 to \$4. Formerly there was no scale at Coleman, all the men being day laborers, but there was a strike from January 1, 1905, to February 23, following, and on March 1 of that year the present agreement came into effect, to last till April 1, 1907.

The mines opened since then all started with a scale, including Crow's Nest Coal Co., Camrose Coal Co. at Bankhead, Canada West Coal Co. at Lillo and Bellevue and Canadian American Coal Co. at Frank. The union at Coleman gave the 30 days' notice required by the recent act, but some men have anticipated that period. The walk-out is presumably to secure the terms outlined by the union, and some of the men are per cent. increase. The Coleman property was opened in January, 1904, by E. E. Reynolds, the mine superintendent, and now superintendent of the Diamond Coal Co. at Diamond City. Galt is general manager and Geo. L. Fraser mine superintendent.

## IS SOME HOPE FOR A SETTLEMENT

Special to The Bulletin.

Ottawa, April 17.—Hon. Mr. Levesque read a letter from the miners' representative at Fernie expressing the hope that an amicable settlement would be reached, when he met the federal representative. The latter was only appointed yesterday, the department objecting to the first selection, as the man was interested in a mine. Some men have quit work, but no strike has been declared, and the minister is hopeful the law will be recognized and trouble satisfactorily adjusted.

Miners average \$4.75 to \$5 per day.

## E. W. DAY, MAYOR.

De Deceased by Assassination—Acquitted of New Town.

## Special to The Bulletin.

Dayland, April 16.—Dayland was elevated to the dignity of a town on April 8. The nominations for mayor and aldermen took place today. The newly chosen were graciously handed out to E. W. Day by acclamation. Six out of the thirteen citizens nominated, will be elected to a board of aldermen on the 22nd inst.

## EARTHQUAKE CASUALTIES 76

37 Reported Killed and 39 Injured in New Mexico Disaster.

Mexico City, April 16.—The extent of the damage wrought by the earthquake which struck the United States on April 10, is being reported. The first belated press telegrams to reach this city for twenty-four hours were received by the Associated Press at one o'clock this afternoon.

From them, it is learned, that the town of Ayutla to the east of Acapulco, and not far from the Pacific coast, has been completely destroyed. The town is to the east of Ayutla, have been practically destroyed. The shocks continued at Chilpancingo, 125 miles south of here, all last night, and were quite severe. Many of the buildings that were left standing by the previous tremblings were levelled to the ground. The last shock at Chilpancingo, occurred at 4 o'clock this morning. The general command of the troops was severely injured. The jails, hospitals and school buildings at the town were destroyed. The prisoners are now being guarded by the rural guards. The federal government is extending aid, but it will be impossible to restore calm until the shocks cease. The number of deaths reported to date is 37. Fourteen persons were killed in one place. The number of injured is placed at 39. Traffic between Mexico City and Vera Cruz has been completely stopped. Large sections of the track of both the International and Mexican railroads are sinking. The port of Acapulco is reported to be partially submerged.

## THE PACIFIC COAST BETWEEN CAPULA AND SALINA CRUZ, A DISTANCE OF SOME FIVE HUNDRED MILES, IS SAID TO HAVE SUFFERED MORE OR LESS SEVERELY.

## BUILDING PERMITS.

At the office of Inspector Blaney this morning, building permits were issued as follows: Bernard Sassehar, Syndicate, dwelling, \$1,200. A. Andrews, Nanaimo, stable, \$200. Wm. Romanuk, General, dwelling, \$100. E. W. Hill, Sutherland, dwelling, \$2,300. Edward York, Second, addition to dwelling, \$200. R. W. Hill, Sutherland, barn, \$400. E. F. Foot, Bath, dwelling, \$3,000. W. A. McCulloch, Ross, dwelling, \$300. M. McLeod, Kinsiston, addition to store, \$1,000.

## OBITUARY.

John Smith, who was taken suddenly ill last night with an epileptic fit, died yesterday at the public hospital. The deceased, who was about 55 years of age, leaves a wife and three children. The funeral will take place tomorrow afternoon at 2:30 from the mortuary chambers of Moffatt, McCoppen & Bull, Rice street, to Edmonton cemetery.

The death of A. Pealy, a foreigner about 60 years of age, occurred last night after a month's illness. The deceased, who has been here for the past seven years, had no relatives in the city. The funeral, which will be attended by representatives of the Labourers' Union, takes place on Friday morning from the Moffatt, McCoppen & Bull mortuary, where the body now is, to the Roman Catholic church.

## NEW BOARD OF TRADE OFFICES.

The board of trade has secured new offices for its summer in the Hamilton block, opposite Alberta Hotel, on First street, and will move to this building on May 1st next. The new board will be 10 in number, with a president, four vice-presidents, a clerk, and a treasurer. The board is now in session, and will meet on May 1st next. ## SECOND BIG FIRE AT MCGILL

Within two Weeks, Medical Buildings Destroyed, Loss \$350,000.

Montreal, April 16.—McGill university was visited by the second disastrous fire within two weeks today when the main part of the medical buildings was utterly destroyed and two wings badly damaged. The loss is estimated at \$350,000, and while there is considerable insurance, it is not expected that it will make up anything like the loss.

The loss, however, cannot be estimated until the exact extent, as the medical museum was wiped out. It was celebrated in its class, and has been in process of collection for the best part of a century. Dr. Sheppard also lost his famous anatomical collection, which is known the world over in medical circles.

The valuable library was damaged, but to what extent is not definitely known. The amount of insurance on the medical buildings is \$300,000, of which \$250,000 is on the buildings and \$50,000 on the contents. The amount is widely distributed among insurance companies. The loss is approximately \$350,000, but the college authorities are not prepared to say how much will be recovered.

## THE MAYOR'S AUTHORITY.

The mayor's authority for his ruling on the point raised by Ald. Walker and Daly at the last meeting questioning his right to vote twice in committee of the whole. The authorities cited didn't satisfy Ald. Walker and Daly and they presented an argument which looked good, but which failed to convince the four advocates of the agreement, and when the appeal was taken from the ruling of the chair the appeal was lost and the chair sustained.

## Another Point of Order.

Ald. Daly raised another point of order. This was a question as to the right of the council to reconsider the action of the council on the question of the exclusive franchise. The council had voted to reconsider the action of the council on the question of the exclusive franchise. The council had voted to reconsider the action of the council on the question of the exclusive franchise.

## WHY THE DELAY.

Ald. Gariepy Wants to Know What is the Reason for Lack of Progress in Election of Telephone Building.

There were several enquiries made at the meeting of the city council last night. One of them came from Ald. Gariepy. It was this, "How is it that the new telephone building is not progressing more rapidly?"

The chairman had the right to vote in the committee, but that he had not a further right to give a second or casting vote, and upon this point I now give ruling: By-law No. 41 of the city of Edmonton, which requires the regular meetings of the Council of the town of Edmonton and committees thereof, and by section 5 of title II of the charter of the city of Edmonton, in force and has not since been repealed or amended by the municipal council of the city of Edmonton.

## THE CITY CHARTER IS SILENT UPON THE QUESTION OF PROCEDURE IN COMMITTEES, NOR IS THERE ANYTHING IN THE BY-LAW RESPECTING THE PROCEEDURES IN THE COUNCIL AND COMMITTEES THEREOF, HAVING REFERENCE TO THE MANNER OF VOTING OR THE BREAKING OF DEADLOCKS AND LIES, SECTION 10 STATES, THAT IN GIVING A RULING THE MAYOR SHALL STATE THE REASON THEREFOR, AND IN GIVING A RULING THE MAYOR SHALL STATE THE REASON THEREFOR, AND IN GIVING A RULING THE MAYOR SHALL STATE THE REASON THEREFOR.

## THE FIRST POINT TO CONSIDER IS, THAT

# COAL FINISHED WITH THE GAS AGREEMENT

**It is now up to the People to Say if Exclusive Feature Shall be Endorsed—Mayor Presents Authority for his Ruling to Vote Twice—Two Appeals Taking Against his Rulings.**

## The exclusive natural gas franchise agreement between the Northwest Gas and Oil Co., and the city, was accepted by the council at its meeting last night, and will now be submitted to the people for endorsement. It will require a two-thirds majority of the city to make it effective.

For over two hours the council talked gas. The same division as has characterized the debate since the committee report was again repeated, namely, For the agreement: Ald. Gariepy, Manson, Picard, Smith and the mayor. Against the agreement: Ald. Anderson, Daly, Macaulay and Walker.

An appeal was made to the council by Mr. Grant, solicitor for the International Heating and Lighting Co., asking for the submission to the people at the same time as the other city committee's application for a non-exclusive natural gas franchise. The council turned a deaf ear to this proposition.

## Point of Order.

The mayor gave his authority for his ruling on the point raised by Ald. Walker and Daly at the last meeting questioning his right to vote twice in committee of the whole.

## What was the committee considering? My ruling is that the committee was considering a private bill. In support I quote from page 726, Bourinot's Parliamentary Practice and Procedure, second edition: "Any person seeking to obtain any private bill giving any exclusive franchise or profit, etc."

"I further rule that the committee was therefore a committee on private bills."

As to the manner of taking a vote in this committee see page 728 of the above-named work, where it is there laid down: "All questions before committees on private bills are decided by a majority of votes. Including the voice of the chairman and whenever the voices are equal the chairman has a second or casting vote. See also Rule 94 of the Rules and Orders of Proceedings of the Legislative Assembly of the province."

I therefore rule that the motion above referred to, moved by Alderman Picard, was properly put, and properly carried, and that the same is now before the Council as the report of the committee, and as such is referred to the consideration of the Council.

## Not a Select Committee.

The mayor's authority for his ruling on the fact that a private bill was under discussion and the inference was that it must therefore have been before a private bills committee.

Ald. Daly quoted Bourinot to a finish to show that it was not a private bills committee, but a committee of the whole, and in a committee of the whole, according to Bourinot, the presiding officer did not have except when an equality of votes existed. Ald. Daly also referred to the city charter, which stated that there was an equality vote on a motion, and motion was to be considered as negative.

Ald. Walker reviewed most of Ald. Daly's points putting them more concisely.

## Another Point of Order.

Ald. Daly raised another point of order. This was a question as to the right of the council to reconsider the action of the council on the question of the exclusive franchise. The council had voted to reconsider the action of the council on the question of the exclusive franchise. The council had voted to reconsider the action of the council on the question of the exclusive franchise.

Alderman Walker quoted Bourinot to the effect that a motion once having been either affirmed or negatived, it could not be reconsidered. Otherwise, it would be taken as a reflection on the majority of the House.

## The appeal against the ruling of the chair was not sustained.

## Moved For a Recess.

Alderman Daly made a further effort to block the passing of the agreement. He moved for a recess until the first meeting of the council in December, but this was lost.

Alderman Picard claimed that it was absurd to further delay the passing of the agreement. The ratepayers were entitled to vote on the question.

Alderman Walker declared it was not because he desired to keep the question from the people that he was opposing it, but because he considered that the council should not place itself in the position of submitting such an agreement to the ratepayers with the council's virtual endorsement. Edmonton was an advocate of the agreement when it was being considered by the city council.

Alderman Walker declared it looked like an effort to railroad the agreement through the council, and he was opposing it, but because he considered that the council should not place itself in the position of submitting such an agreement to the ratepayers with the council's virtual endorsement.

The motion to pass the agreement and have a by-law prepared setting forth the points therein for submission to the people was also being considered by the ratepayers.

At 11:30 the recess adjourned until Thursday.

## WILD WEST ON BROADWAY

Two Sioux Indians Pull Their Guns and Create Panic Are Under Arrest.

New York, April 16.—The spectacle of two Sioux Indians in full war paint in what might have been a fight to the death if interference had not come created almost a panic in crowded Broadway today. Willis Big Chamberlain, a man of 35, was seen by two men, both under arrest. Chamberlain and Wolf were walking down Broadway in the midst of a crowd of people. They were both armed with revolvers. When they got into argument over Chamberlain's gun, Wolf drew his gun and fired two shots. The bullets went wide and as the crowd surrounded the men prepared to continue the fight, but a policeman hailed by the bystanders, sprang on Chamberlain and wrestled the revolver from the hands of the Indian before he could fire again. In the instant Wolf sprang to his feet, while enemy's aid attempted to free him from his captor. He was not successful, however, and soon both Indians were locked up.

## BUSINESS CHANGES.

The business of the Whitefish Co., which has been purchased by C. W. Campbell, will be taken over by Mr. J. H. Whitefish. Mr. Whitefish will open up an office as a wholesale commission merchant, handling manufacturers' supplies.

## LATE JOHN HILCHEY.

The untimely death of John Hilchey, which occurred on Saturday in a snowdrift at Sandon, B.C., where he was employed as foreman in the American Boy mine, will be heard with regret by numerous friends in Edmonton. The late Mr. Hilchey was a native of Nova Scotia, and with his wife and family came to Edmonton in the fall of 1905. For a time he worked as a warehouseman with Revillon Bros., but his health failed him, and when offered the position of foreman at Sandon, he accepted it. It is in the hope that it would be healthier for him there. Deceased was expected home next month to remove his family to British Columbia. He was nearly forty years of age, and leaves a wife and three children. The remains will be sent here for burial.

## The Cricket club of Edmonton will hold its annual meeting this evening in the office of W. S. Weeks & Co., at 820 1/2 street. All those interested in the game are invited to be present.

## 400 DISTRESS WARRANTS OUT

For Tax Delinquents in Brandon—A Warrent Against a Bank.

Associated Press Despatch. Brandon, Man., April 16.—The city treasurer has issued four hundred distress warrants for taxes on local ratepayers who have neglected to pay up the full amount of their taxes the required time. Among the four hundred are two aldermen, several business houses, a bank and many others who are in a position to do so. As a result there has been no little complaining among those of the four hundred as the issue of a distress warrant adds extra costs to the amount of the tax bill. The city treasurer stated that he knew none of the warrants had been issued against people who were good for their taxes, as for instance a local bank, etc., but to fail to issue a warrant to those who failed to pay who were in this position, and to issue a warrant against a man with a small house and a smaller income, would be discrimination between the rich and poor.

## COAST LEAGUE EMPHASES.

Close followers of football deplore Seattle figure out that Aberdeen will have a payroll of at least \$2,000 a month from the very beginning of the season and the Sunday Foot-Ball League.

The signing of such players as Higginbotham and Hickey by Aberdeen has set a pace that is sure to run the Northwestern league into a terrible fight. The original plan was to hold down to a limit of about \$200, but it is the old, old story of one city trying to outdo the other, and there is no telling where it will stop. Dugdale knows that not only Aberdeen, but Vancouver, Tacoma, Spokane and Butte would dance with joy if they could get ahead of Seattle, and to meet the emergency he has had to go out and grab players, paying fancy prices. Even before he knows what he has got, he will be paying between \$2,000 and \$2,500 a month.

From a business viewpoint it would be better for the teams to hold down close to \$2,000 a month, but it is too late to draw back now for the present year. The Coast league was going on at Luce's bush league a few weeks ago; things are different now.

## LAOSSE.

Calgary papers think that city should have a school for Laosse. Edmonton's record for 1906: won 2, lost 6, draw 1. The figures are due to be reversed this year.

## BASEBALL.

Manager Dugdale of Seattle has ten pitchers to select from.

Mullane, who succeeds Jack Morrison, will know in Northern league territory. Manager Lajoie of Cleveland, announces that he will spend next winter in France.

The Chicago Country League supplied ten players for the big ball association in the east this year. "If Chicago Nationals win the championship this year they will be given a trip to Ireland." Duluth players report at Madison, Wis., on Monday. Sixteen of them have been signed up to the present and five of the lot are pitchers. If Bond, the Maroon pitcher, who will be given a trial by Minneapolis falls to make good, he will be returned to Winnipeg.

On the world-busting shortstop, claimed by Lathbridge, is also said to be the property of Duluth, and again he may go to La Crosse, Wis., where he is wanted as manager.

Lathbridge, captain of the American football league, has signed with the Montreal National. Montreal Nationals who are favored in many quarters for the N.E.L. honors this year, will have a policeman and a street car conductor on the line up this year.

The Albertan figures there are four-teen last season's players still in Calgary and an adequate supply of new ones to give the city a great treat this year.

The Edmonton club have ordered another dozen and a half new jerseys. With most of the 1906 uniforms still in the city and eighteen new ones ordered it looks as if the executive had an idea there would be a good crop of players aspiring for a place on the twelve.

Baseball Manager Lajoie must have been furnishing the pitcher dope for the Albertan Friday. That paper announces that the "Ottawa increase" which will visit Australia this fall, may be seen in Calgary in an exhibition game with the Seattle team. The Ottawa aggregation are at present in England for a thirty-day stay and could hardly finance trips across both ponds in one and the same year. Must be Jimmy Miller's all-star C.L.A. outfit which will visit the kangaroo country this spring that is to stop off at Calgary.

Schuch, the latest addition to Lathbridge line up, was wanted by Winnipeg but the Maroons were also in bidding over the American pitcher. Manager Hart has twenty-five players now under contract. The latest to book on is an outfielder named Munroe who played in the south last year. He is also a fair batsman.

According to advice from Lathbridge this will be President Lucas' last year at the head of the Northwestern league. His successor will be D. R. Dugdale of Seattle.

Winnipeg has signed Catcher Crisp, who has been practicing with the Kansas City team in the American association. He is a great hitter but not so many as a fielder.

The Edmonton club has torn down the high fence around the old grounds on Second street and will utilize it in enclosing the new grounds just leased.

President Olase says things are running so harmoniously in the Co-Operative league that he will not hurry to make another trip around the circuit this year.

## HOCKEY.

Edmonton will undoubtedly have a city league next year but it is unlikely there will be as many teams in it as this season.

With all this new increase talent hitting the city there should be plenty of puck chasers around for some fall Edmonton seven next winter.

According to Secretary Gillespie's book-keeping there were fourteen games played in the city league last season. And fully as many meetings of the executive.

Billy Baird, the Ottawa hockey player, will probably be found in the west when the ice forms again. Baird made a great hit at Portage and the Western team will certainly land him unless the Ottawas get there ahead of them.

Said Red Stuart at the Wanderers' blow out at the Arena rink management's expense: "I have played hockey on both sides, but in the States I soon got sick of the game. The clubs there were like the Ottawa team and wanted to win at any price, so I quit them after they had suspended me for rough play, and came to Montreal. I am glad I came, for in Montreal they know how to play hockey."

At the dinner given by the Montreal Arena company to the Wanderers' hockey club last week President Brumby of the Wanderers said: "We had a hard time when we went west in search of the game. We went there to play and we found ourselves blown out on every side. Arriving in Win-

nipeg, we were treated like blocks of wood instead of hockey players. The only member of any team to give us anything like a reception was Tom Phillips, who simply shook hands and went away. In Kinross, we were worse off."

"Harty" Campbell, the last, left wing of the city earlier season, who has been laid up in the Sanitarium since the last game for the Breckenham trophy with distributions here about three weeks ago, will be out again in a few days. At one time it looked as if he would lose the leg, but now doctors think he will come through the ordeal as good as new, though they hardly care to state whether he would be wise in participating in championship matches next season.

## CRICKET.

The annual meeting of the Edmonton Cricket club is called for Wednesday evening next at 8 o'clock at the office of W. B. Woods & Co.

The weather has been anything of the variety to arouse the enthusiasm of the followers of the sport so far, but it is thought the game will be more popular in the city this year than ever before.

Dorn at Medicine Hat the players are anxious for organization of the teams in the province that would produce at least home and home games for each of the teams, and it has been suggested that the clubs from Edmonton, Red Deer, Calgary, Lethbridge, Macleod and Medicine Hat get together and form an association relation.

## WESTERN HAPPENINGS.

The coast league managers are all searing at the weather. It has been too wet for practice games.

So far this month Houghton has disposed of three of last year's high-priced players for an average of \$600 each.

The examinations for admission as articled pupils or for commission as Dominion land surveyors will be held at Calgary on May 1.

Calgary's chief of police is investigating the report that some of the German residents of the city hold dances on Sundays.

A Masonic lodge was instituted at Okotoks Friday night. There was a big attendance of Grand lodge officers. Jesse Becker, last year with Lake Linden, is hitting at a .448 clip in the games with Atlantic this spring. Cincinnati has a claim on him and if he keeps up his stick work he will soon catch a place on that team.

## HARDISTY.

Once more Hardisty claims attention in the columns of the Bulletin. This little village—far, though gaining fast, we are still a village—is one of the youngest in the province. But though the youngest, it is not the least progressive, yet we should not boast for it to progress it is owing chiefly to the advantages which it has given us. For this townsite the C. P. R. chose a most beautiful location. Situated on the west bank of the Battle river, whose high banks and surrounding hills give both beauty and protection to the village. Hardisty is perhaps an ideal spot for a town. Therefore, it is but natural that its people, seeing the advantages of the town, should endeavor to so improve it as to make it worthy of the position which it will likely one day occupy among the towns of Alberta.

Following upon the formation of a board of trade, a lawn tennis club has been formed with the following officers: President, Dr. A. D. Callbeck; vice-president, Mr. L. A. B. Duck, and secretary-treasurer, Mr. J. G. Novlan. Many members have already joined, and the club is sure of a successful future.

Moore, Miquelon and Palomado, who recently bought the Ouellet hotel, are adding another story and making other improvements. Mr. P. V. James, proprietor of the James hotel is making a large addition to his building. The Canadian Pacific Railway company are asking permission to divert three-fifths of a cubic foot of water per second from the Battle river, for the use of their engines and tanks, etc., at Hardisty. To many people this looks like convincing proof of the widespread rumour that Hardisty, which is at present the terminus of the Wetaskiwin branch, is to be a divisional point of that line.

Fort Saskatchewan. The concert and supper given last week by the Partridge Hill friends in aid of the Fort Hospital was a great financial success, \$117.00 being deposited in the Union bank as a result. The fund is also increased \$78.00 as a result of the Calfee ball given here last Tuesday evening.

A baseball club was organized here last week, with the following officers:

hon. pres., G. H. McElroy; 1st. vice-pres., J. W. Sherr; 2nd. vice-pres., W. C. McElroy; 3rd. vice-pres., F. A. Walker; manager, F. C. Strickland; hon. sec., W. A. Dewar. Several new players have come to town recently and something good is expected this season.

A meeting of the 90th of May sports association was held in the council chamber on Friday, 12th inst. A large number of citizens were in attendance. It was decided to make this a "Red Cross" day in aid of the hospital fund. The different churches will have lunch booths on the grounds there will be numerous good attractions and a good day's sport is anticipated. A concert will be given in Stinson's Hall in the evening. Arrangements are being made with the C.N.R. to carry passengers at reduced rates and the excursion from Edmonton is an assured fact. There is a balance of \$178.75 in the bank from previous years, which will be donated also, to swell the hospital fund.

We are pleased to see Mr. Robert Whitson and Mr. Harry Peters here again after spending several weeks in the Edmonton hospital, suffering from typhoid fever.

## A NEW ATLAS OF CANADA

Issued by Department of the Interior is one of the finest in the world.

The Atlas of Canada just issued by the Department of the Interior, is declared officially and unofficially to be the most complete and "up-to-date" publication of its kind ever produced in any country in the world.

Among the features of the Atlas are a geological map of Canada the first since 1880; a map of the "known mineral resources of the Dominion, which serves to show how little is known of our vast domain; maps of the forest areas of Canada, which show the sections in which the different varieties of trees grow and the northern limits of each; maps showing the telegraph, telephone and railway systems of the Dominion; maps showing the canal system, inland lights on ocean, river and lakes; maps giving the isotherms for the year, showing that the line of 50 degrees extends away down the valley of the Mackenzie river, and proving that the possibility of cereal growing is greater and goes further north than most people believe. There are also charts showing temperature readings, the amount of precipitation (rain and snow), the development of trade, the density of the population, the proportion of areas in the Dominion, inter-provincial migration, as well as a tremendous amount of other material in a short compass.

Will be 1/4 Bells On Lakes. Associated Press Despatch. Cleveland, Ohio, April 15.—The threatened strike of cooks and stewards on the lakes was settled today after demanding a flat 36 per cent. increase in wages, the union committee today signed the scale proposed by the Lake Carriers' association.

Report of city engineer shows Regina to have a pure water supply of a million gallons a day. The daily consumption at present is 130,000 gallons.

Regina city collector has given it as his opinion that under the new charter the city has power to appoint commissioners to manage a municipal hospital.

The railway blockade at Regina is proving expensive for the settlers who are being held there. So much damage to the cars and a poor supply of water is killing many cattle and horses.

Members of the Regina bar propose giving a banquet to the judges of the Supreme court on Wednesday next, April 17, this being the last sitting of the Supreme court of the Northwest Territories.

Provisionalists are to approach Regina council with a view to ascertaining what inducements can be offered for the establishment here of a college and boarding school, to be affiliated with the Saskatchewan university. It has been decided to erect such an institution at some point in the province.

## RENUMERATION.

Heart, thou must learn to do without. That is the riches of the poor. Thy liberty lies in thyself. When thou thy old cloak thou about. And carol loud, and merrily sing! — *Thursford Cross.*

## ORIGIN OF THE THAW MILLION.

The Thaw trial is ended and the matter has for the time being dropped out of the public vision. Yet interest in the family as a whole has not lapsed; they were so prominently the illustrative of an after-phase of the American millionaire's financial career.

Since more than a quarter of a million was spent in the trial, people are asking how the Thaw millions were made, and this is in the main what is told of the financing of the late magnate, William Thaw, who is said to have been a benevolent and intelligent old man, whose death caused Pittsburgh to dolefully mourning.

It is said that William Thaw, Andrew Carnegie, a man named Clark and Thomas J. Donohue built a bridge over the Allegheny river to connect two railroads which had been transferred passengers by drags and barge. The four men were partners in the bridge. In fact, they were rather interested about it. But Mr. Thaw was fearful of the venture and dared not sink the money.

Had he put in a thousand dollars he would have at this time been receiving enough money to keep him well, from the receipts of the bridge. The four men intended were the stockholders. They charged \$500,000 for all the stockholders and \$5 for each car and engine. The same charge is still in effect for the bridge.

There are thousands of passengers and cars passing over the bridge daily. Harry K. Thaw, millionaire number one, is one of the beneficiaries of the income of the bridge. Mr. Thaw says that William Thaw was the most beloved man in Pennsylvania. He was loved by young and old, rich and poor.

Saturday afternoon Mr. Thaw gave a party to the friends of the bridge. They sang the bell of his palatial Pittsburgh home, and he personally talked with them and heard their troubles. He then alleviated them by money or sympathy, as the case required. He personally saw that the bridge was built and that it was on his death the city of Pittsburgh went into mourning.

William Thaw was worth \$100,000,000 at the time of his death. He left \$100,000,000 to each of his ten children.
